SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, March 18th, there being present P. H. McEvoy, presiding, and W. H. Brown, D. E. Blackburn, Jas. T. Casey and Jos. M Francis.

The joint quarterly report of the Auditor and Treasurer was presented and accepted and ordered published.

M. F. Brown, motorcycle officer of the Second township, presented two reports showing that between February 19th and March 17th he had made 10 arrests, seven of which were convicted, aggregating fines amounting to $95. Seven cases are pending trial.

T. A. Martenstein, motorcycle officer of the Third township, reported that since the last meeting of the board he had made three arrests and secured one conviction, the fine being $20. Cases pending trial, two.

A communication and resolution was received from the Woman's Club of San Mateo calling attention to the fact that diseased meat had been sold and was still offered for sale in the county in violation of the law. It was requested that an inspector be appointed for the purpose of suppressing the traffic.

The communication was accepted and filed.

The resolution of the San Mateo County Development Association, asking the board to encourage the Great Western Power Co. to make a new applicaion for a franchise with proper restrictions to furnish the county with light and power was adopted.

A resolution was received from the San Francisco supervisors inviting the board to co-operate with a committee of the city board in matters relating to publicity and interurban relations to the end that a campaign for the advancement of the interests of both counties may be inaugurated and carried on to a successful issue.

Brown moved that the resolution be accepted and that a committee of three members be appointed to act with the San Francisco committee. The motion was seconded by Blackburn and carried.

The chairman appointed the following members to act on the committee: Casey, Brown and Francis.

The application of Charles A. Hirrel for a class B liquor license in the Fourth addition to San Bruno was taken up, Jas. T. O'Keefe representing Hirrel.

A petition signed by 41 residents in and close to the neighborhood of Hirrel's place of business was presented by Mrs. Alice Laumeister who addressed the board in objection to the granting of a license to Hirrel on the ground that there was one class B license holder there now who was violating the law by selling liquor by the glass and it was the desire of the residents that no more such places be established. She had nothing to say against the character of the applicant.

Mr. O'Keefe presented a petition signed by seventy residents of San Bruno in favor of Hirrel. The applicant was sworn and testified that all of the signatures to his petition were genuine, they were those of his neighbors. He said that he was engaged in the grocery business and in the sale of liquor would obey the law.

Mrs. Beckner, who was also present to oppose the granting of the license, said that the signers to the petition were not Hirrel's neighbors.

Supervisor Casey stated that since Hirrel could not get the endorsement of his immediate neighbors it would be his duty to oppose the granting of the license. He therefore movedthat the application be denied. The motion was seconded by Brown and carried.

Before Mrs. Laumeister left the room the chairman informed her that it was her duty, if she knew of violations of the law in the sale of liquor, to report the matter to the board with such evidence as could be acted upon, and if her charges were sustained the offender's license would be revoked.

District Attorney Swart took occaison to comment upon the frequency with which such charges were made. Often he was in receipt of anonymous letters making charges against liquor dealers, but never has any evidence been presented to him on which he could take action.

Charles N. Krikbride addressed the board stating that he and Messers. Fullerton and Ross had been appointed by the San Mateo Board of Trade to advise with the board in the matter of granting an electric franchise to the Great Western Power Company, should that company renew its application to the board. Mr. Swart assured Mr. Kirkbride that he would be notified when the matter again came before the board.

District Attorney Swart introduced Floyd Smith, his assistant, who will help him in the increasing duties of his office. Mr. Swart stated that the salary of his assistant would not be a charge nst the county.

James Downey who was appointed at a recent meeting to inspect the lighting system of the Colma and San Bruno Highway Lighting districts reported that the greater number of the lamps had been located in accordance with maps adopted by the board. Where changes had been made they were for the purpose of giving a better service. Some lamps were found to have burned out and were replaced by the lighting company. The inspector suggested that a reward be offered for the detection of those who wantonly destroy the lamps.

The report was accepted and filed.

Casey inquired if some steps might not be taken to prevent the breaking of lamps, the replacing of which was a heavy tax upon the two districts.

Later in the day the district attorney was called upon and stated that a fine might be imposed by ordinance for such offenses, a portion of which could be paid to the party giving information against the guilty parties. It was agreed to impose a fine of $10 upon conviction, one-half of which amount shall be paid to the informant, and an ordinance to this effect will be presented at the next meeting.

Blackburn addressed the board regarding the claims on the General fund for culvert work in his district that had been denied payment at the last meeting. He said that the work done was both economical and urgent and a benefit to the entire county. In times past, he stated, it had been the custom to transfer money to impoverished districts, when such emergency work was necessary.

Brown moved that the claims be paid. Casey seconded the motion, taking the ground that the men who had done the work should be paid.

A vote was taken and the motion carried. The chairman gave notice that he would not endorse the warrants until compelled to do so by order of the court

A resolution offered by Brown was read, offering the use of the El Camino Real by the board to the highway commissioners for the construction of the proposed state highway down the peninsula, was adopted.

Surveyor Neuman reported that in estimating the cost of the proposed road across the mountain to La Honda he had met with some opposition from J. A. Folger through whose lands the road is laid out Mr. Folger objected to that portion of the route that runs close to his residence. The surveyor was instructed to proceed with his work of estimating the cost of building the road and its location will be determined later.

A resolution was received from the Hillsborough board of town trustees offering to pay the cost of the proposed State highway through that municipality. The resolution was accepted and ordered filed.

Francis called attention to the practice of certain wholesale liquor dealers of going about the county and selling to private consumers which practice he said was unfair to the licensed retail dealers. There should be some regulation to protect the retailers in this business as well as other branches of trade.

The district attorney was called upon and said that a tax might be imposed upon the wholesalers who sell to private patrons. He was desirous of having suggestions from the several members and the matter was postponed until the next meeting.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

DOES MARCH 25TH MEAN ANYTHING TO YOU? IT SHOULD ASK US WHY. THE DEVELOPMENT ASSOCIATIO

Returns from North Dakota look like some one had shied a good sized brick at that hat in the ring.

If you want a city beautiful, vote for the municipal improvement bonds and push along the work for better streets and more fire protection.

KEEP THE WHEELS MOVING.

During the past four years Redwood City has made rapid strides in the way of civic progress. On every hand the spirit of public improvement has been in the air. Much has been accomplished along the line of public betterment, while in every way the city has been made more desirable to the home seeker and more attractive to the investor.

But we have far from reached ed our goal. If the city is to secure the prominence that is properly hers, much of the same class of work yet remains to be done. There must be no lagging in the forward march—once well started the wheels of progress must be kept moving.

That this work may best be accomplished it is important that care should be used in the selection of the public officials who are to control the affairs of the municipality during the coming four years. Not only must they be citizens of probity, endowed with progressive ideas and high ideals, but they must be actuated by the entire harmony of purpose.

For this reason we believe that the best iterests of the city will be subserved by the elction of the men placed in nomination for trustees by the citizens mass convention. These men were selected largely for the reason that they were known to be in hamrony with the spirit of the work which has already accomplished so much, while the manner of their choice must be taken as a guarantee that they will bring to their efforts that spirit of harmonious thought which is so essential to success.

CIVIC CENTER WILL BE FORMED IN REDWOOD

A meting will be held in the highschool assembly hall Saturday evening at 8 o'clock for the purpose of forming a Civic Center. Mrs. Jas. B. Hume of Berkeley and M. Thomas E. Hayden of San Francisco will address the meeting and it is hoped that the attendance will be a large one.

The object of such an organization is to take up and discuss and study questions of national, state and local signifance in order that all—men and women—may become familiar with such matters. The league is absolutely independent of any organization or political party. Its general purpose is to promote the political education and public spirit of its members in order that they may work for better social and civic conditions throughout the State.

Funeral Notice.

Died in Redwood City, March 21, Mary Percilla Kohler, dearly beloved wife of the late R. J. Kohler, and loving mother of Mrs. Josephine Cobb, William John Kohler and Mrs. Isabell C. Folsom. Grandmother of Harold Cobb, Mrs. Irene Kohler Jensen, Ethel Kohler Harvey and Gladis, Thelma, Preston, Edward and Beatrice Kohler, sister of Joanna Kohler, Sophia McDevitt and William Bowman. A native of Germany, aged 83 years two months and three days. Funeral will take place Sunday, March 24, at 2 o'clock p. m. from the home of Mrs. Isabell C. Folsom, Arlington avenue, Wellesley Park, Redwood wood City, thence to Mount Carmel church.

Dog Licenses Are Due.

Deputy Marshal Edw. V. Shine, who has also been appointed pound master with instructions to rid this city of all estray animals, desires to notify the owners of dogs that all dog licenses have expired and must be renewed. Tags may be obtained from the city clerk.

After next Tuesday, March 26th, all dogs running the streets without a tag must be taken up and dealt with according to the pound law.

Mr. Shine also desires to state that he does not want your dog and hopes that the people of this city will co-operate with him by conforming to the pound ordinance and spare him the unpleasant duty of taking up your dog.

Former Resident Dead.

Former State Senator W. W. Cameron, a "forty-niner," died at his home in Palo Alto Monday evening after a long illness.

Cameron was born at Oaksloosa, Iowa, in 1843. He came across the plains to California in 1849, at the age of 6 years. He had been active in business and Political lifefor many years.

Besides serving two terms in the state senate, Cameron was three times a councilman of Oakland.

The wife and one daughter by a former marriage survive.

Mr. Cameron was the confidential agent for W. J. Dingee for a number of years and came to this city from Oakland when Mr. Dingee located here. He had charge of all Dingee's property in Redwood City for several years and was well and favorably known in this county.

STATE COMMISSION HEARS COUNTY NEEDS

Local Representatives Discuss Municipal Problem With Highway Board.

Edior Times-Gazette Dear Sir—Acting on your suggestion that the general public would be much interested in knowing the results of our meeting with the State Highway Commission on the 21st of this month at Sacramento, this is the situation in brief:

The State Highway Commission will build no highway through incorporated towns, to do so would be establishing a precedence detrimental to the construction of a general highway, as other incorporated cities would demand the same consideration accorded the peninsula towns. Argument advanced by the committee in favor of constructing a through the incorporated cities was that the peninsula was in a measure part of the Exposition grounds. The people of the three counties, San Francisco, San Mateo and Santa Clara were paying nearly 30 pre cent of the eighteen million dollars voted, that by the language of the act creating the eighteen million dollar fund, they were entitled to a highway. That a Highway from San Francisco to San Jose could not be built without going through incorporated limits. That the incorporated cities were not in a position to build this highway through their towns. The commission admitted the force of this argument but insitsed they could not establish a precedent. One of two ways are left open to the people:

First, continue the highway through your incorporated cities at the expense of the property owners fronting on same, or by bond issue.

Second, cut out the El Camino Real from property line to property line have it revert to the county.

The commission will then have to build over the street so abandoned, but on the other hand such street will become a state highway and permission for making sewer, gas or water connections will have to be obtained from the State.

While there is no question but what the highway commission intends to build along the El Camino Real, yet, up to this time they have not so stated, neither have they stated what sort of a road construction they would give the peninsula if they gave it any.

The highway leading into San Francisco through San Mateo county must be a road that will stand the severest test in the way of automobile traffic and should be built of concrete and asphaltum, at least a strip of twenty to thirty feet in the center should be of that construction. Possibly the commission may feel that to build such road would also be establishing a precedence.

A highway of the highest class can and will be obtained from the State Highway Commission if the cities of the peninsula will work together. The best thing the trustees of the different towns can do is to meet with the San Mateo County Development Association and with them discuss line of action, leaving the action in the hands of the Development Association and bringing it in that way to the commission from a source that commands considerable influence in San Francisco, adding in that way greater force to its demand.

H. C. TUCHSEN.

Trustees Seek Reelection.

Thomas O. Heydenfeldt has announced his intention to stand for re-election as trustee of the Sequoia Union High School district. Mr. Heydenfeldt has served in the capacity of trustee for two terms and has always had the best interests of the dsitrict at heart. He has been regular at all of the meetings of the board and has been glad to give his time and his experience to this branch of his civic duty. He has one son in the high school and has other children who will soon be in that institution. He should receive a large vote in recognition of his good service. D. E. O'Keefe whose term will expire at this time has announced his intention to seek re-election.

In the Superior Court of the County of San Mateo, State of California.

RROBATE

STREET RAILWAY FRANCHISE READY

Long Delayed Document Given Intodductory Hearing at Council Session.

Although the session of the city council last Monday evening attracted but few spectators, the business of the session proved to be of much more than usual public importance. All of the trustees were present when the meeting was called to order by Chairman Merrill, and evidently anticipating much important business, no time was lost in disposing of routine matters.

City Clerk Plump presented the regular monthly reports of the city officers and after consideration these were ordered placed on file for future reference. According to the report of Treasurer Frank K. Towne, the receipts for the past month were unusually light, amounting only to $610.53 from all sources except the water system which is considered under a separate account. At the present time the general fund is over drawn to the extent of $4755.06, a balance which will have to be carried from other funds until the collection of the second installment of taxes. In the water fund the receipts exceed the expnditurs for the month by $177.12, leaving that fund with a credit balance of $1512.48.

The report of Dr. J. L. Ross, the city health officer, proved a very interesting document, covering the time between January 1st and the present. The report shows the general health of the city during that time to have been in a generally satisfactory condition. While there have been a few cases of contagious diseases reported, these have been of a mild nature. In each case, however, strict quarantine precautions were taken and thorough fumigation resorted to. Dr. Ross offered a number of pertinent suggestions looking to the better equipment of the department. Chief among these, he urged the securing of appliances for the testing of milk and suitable machines for disinfecting. A resolution from the San Mateo Woman's Club calling attention to alleged sales of diseased meats and urging the cooperation of the city authorities in restricting the traffic was referred to the board of health.

Having fnally been gotten into a shape which seemed satisfactory to all parties concerned, the often postponed street railway franchise ordinance was presented for introductory ireading and consideration. In all essential features the ordinance is in the form agreed upon at the conference held several weeks ago betwen the trustees and members of the Board of Trade. Covering the route described in the original application for the franchise, the use of steam is permitted as a motive power on Chestnut street, as agreed upon at that conference. On all other streets steam or horses are barred. The rate of fare is fixed at five cents, except that school children must be given a half fare rate between the hours of 8 a. m. and 4 p. m. on all school days and mail carriers are to be permitted to ride free. Three years time is to be given for the completion of the fill on Center street. Under the law the ordinance was laid over for final consideration until the next regular meeting of the council, April 1st.

A pleasant incident of the meeting—to the trustees at least—was the presentation of an application for appointment to the position of poundmaser from Edward V. Shine. Upon a favorable report from Trustee Sampson, chairman of the committee on health and police, who highly recommended the applicant, he was appointed to the position, the salary being fixed at $20 per month in addition to the usual fees. In order that there might be no question as to the powers of the new appointee, Marshal Colman was instructed to file an appointment as deputy marshal.

The map of "Redwood Oaks," presented by the Halfmoon Bay Realty Company, was approved, though with evident reluctance, the trustees finding much fault with the narrow streets. Chairman Merril suggested the adoption of an ordinance providing that in the future all highways of less than 60 feet in width be designated as alleys.

The ordinance introduced at the last meeting, providing for the holding of the general municipal election, was given its final reading and adopted. In addition to providing for the election of the usual officers, the ordinance calls for the submission of the proposition for the payment to the trustees of a salary of $10 per month.

Trustees Hynding and Merrill were named as representatives of the council at a conference of a committee of the Development Association with the State Highway Commission at Sacramento.

Judge Fitzpatrick called the attention of the council to the fact that many erroneous maps, purporting to be official, had been filed with the county recorder in the past, causing confusion as to lines of certain streets and asked that some steps be taken to remedy the difficulty. After some discussion the request was referred to the city attorney and city engineer to present more complete information.

A request of the vestry of St. Peter's church for the use of the vacant room in the oldkindergarten building for social organizations connected with the work of the church was granted.

The new block books of the city, prepared by City Engineer Pioda were presented and adopted.

The business of the session having been somewhat prolonged, Trustees Brown and Beeger were excused and retird.

The usual monthly claims against the city were audited and approved.

Just as the council was about to adjourn, the board was addressed by former City Engineer James V. Neuman, who urged that some action be taken uponhis long delayed claims for engineering work done on abandoned street improvement districts. Trustee Hynding demurred at the consideration of the claims at this time, urging that action should be deferred until a full board was present. To the suggestion of further postponement Mr. Neuman strongly objected urging that there had been sufficient delay and that he now was entitled to know where he stood. After some discussion, Trustee Hynding offered a motion that the claims be disallowed and upon a call of the roll the motion was carried by a unanimous vote.

IMMENSE VEGETABLE IS SAN GREGORIO PRODUCT

San Gregorio may not be some pumpkins, but she is certainly it when it comes to the cauliflower line. At least that is what James Crowe thought one day this week when he received from his friend Jesse Palmer a single head of that luscious vegetable which tipped the scales at exactly 16 pounds—and they were good, full weight scales too. And seemingly just to show that the enormous vegetable was not an accident with San Gregorio soil, Mr. Palmer followed his first gift a few days later with a similar specimen, just a little grain larger. Notwithstanding its immense size, when cooked these splendid specimens proved to be unusually tender and tasty.

Guild Women Honor Worker.

The regular meeting of St. Mary's Guild last Wednesday afternoon was turned into a farewell reception the ladies laying aside their usual work while they paid honor to Mrs. John Marsh, who is soon to depart from their midst to make her home in other parts. As an evidence of the esteem in which she is held by her fellow workers in St. Peter's parish, Mrs. Marsh was presented with a handsome china cake set. The presentation was made by Mrs. J. E. Harris, the president of the Guild, who recounted the splendid work done by Mrs. Marsh and the endearing friendship which had been formed for her during her residence here. Afer enjoying a splendid lunch the members separated wishing Mrs. Marsh happiness and prosperity in her new home.

DEPUTY SHERIFF MORAN WRONGLY ACCUSED.

Officer M. Moran is wrongly accused by the Richmond press of trying to aid in the escape of a prisoner at that place last Saturday night. Moran left here with a prisoner named Spercino, charged with a theft of a watch at Richmond and delivered him to the chief of police of that city. Moran took the prisoner to the Germania hotel and while there was arrested. Moran was only doing his duty and had called at the hotel to visit his foster parents for a moment before delivering his man to the proper authorities. Mr. Moran says he will prosecute the officer who arrested him. Moran has always borne a good reputation here. The papers of that city printed long articles accusing the officer of trying to aid in the escape of his prisoner.

A Tax Payer's Opinion.

Editor Times-Gazette:—As a pioneer and heavy tax payer of Redwood City I would urge all to support William Jamieson for town trustee. He is a Redwood City boy, born and raised here, is a tax payer and business man who has at all times worked for the best interest of the town. I can vouch for his honesty and integrity, and if elected he will give his time and attention to his duties and aim to economize in the government of the city, to the end that the tax rate will be lower and that all money will be economically and judiciously expended. Mr. Jamieson has made a success of his own business and if chosen trustee will bring a wide experience in business matters to his aid in handling the city's affairs. I have known Mr. Jamieson since boyhood and can and do vouch for him and it is with a feeling of pride and pleasure I recommend him to the voters of Redwood City. A vote for him is a vote in favor of an economical and honest administration.

Assessor's Instructions

To Owners of Real Estate and Personal Property.

The law requires each and every person whoowns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the County where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you have mortgages against others send in a mortgage statement showing the amount due on same on the first Monday in March at 12 o'clock m.

No changes can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

Remember, if you fail to send in your assessment you fail to comply with the law and may cause the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor as well as yourself to have your assessment correct when you go to pay your taxes.
